

There's only one spanking opportunity in this story, and it comes in Part 5 when the Doctor and Giles Kent rescue Jamie and Victoria from the research station where they have been imprisoned. Unfortunately Victoria thinks the Doctor is his double Salamander, and starts hitting him. The Doctor protests, but the girl still isn't sure...

'Mr Kent, Jamie,' says the Doctor, 'would you be so kind as to step outside for a moment while I show Victoria that I really am the Doctor?'

Jamie seems uncertain for a moment, but nod from Kent and a wink from the Doctor do the trick. He smiles. 'Oh aye,' he says, as he and Kent leave the room. Victoria looks panicked.

'How's he going to prove it to her?' asks Kent outside the room, thinking wild thoughts of distinctive birthmarks in places that are best not discussed in a family show.

'You'll hear,' says Jamie confidently.

'Now, Victoria,' says the Doctor gently, 'when I say that this is going to hurt me more than it hurts you, you'll know that it's me and not Salamander, won't you?' Victoria nods unhappily, regretting her outburst. But the Doctor doesn't waste any time lecturing her: he sits down and takes her firmly across her knee. A whisk of his hand turns her kilted skirt inside out, and the smooth curved seat of her white cotton panties vibrates at the smacking impact of his open hand. Victoria yelps out an 'ouch' and begins to agitate her legs as the Doctor continues to spank.

'Ow! Owwww! OWWWWWW!'

Outside the door, Jamie darts a 'told you so' look at Giles Kent. Finally the sound of slaps ceases and the door opens to reveal the Doctor, followed by a tearful Victoria adjusting the back of her skirt. 'Well, now we've sorted out that little difficulty, we can get on with our main problem,' says the Doctor, and the story continues on course.
